

2021

Can you identify the most common range plants? Do you know if they are a positive or negative in a domestic grazing system? Do you know the full economic cost of your customer's management plans? Are your customers set up to bring the next generation into the operation?

If you want to learn about Montana's number one natural resource, rangeland, as well as answers to the above questions, these topics will be discussed at the 2021 Ag Lenders Range School, June 23-25, 2021.

This year's school will be hosted by Cherry Creek Ranch, located north of Terry, MT. Our hosts, Lon and Vicki Reukauf, will present on a wide range of subjects which are likely impacting your customers. Expect to learn about grazing land economics in terms of true costs of heavier weaning weights, benefits of strategic winter feeding, cattle longevity, rotational grazing, GAP4 all-natural beef opportunities, and commodity marketing. Additional topics include environmental issues and bringing the next generation into an operation. We will also include annual learning topics of plant ID, range site ID, ranch tour and much more. Lon and Vicki operate on roughly 25,000 acres and were the 2016 NCBA Region 5 Environmental Stewardship winners. These hosts have a lot to offer attendees that will provide you with relevant tools and perspective to help you better serve your banking customer's needs.

This inexpensive learning experience (\$200 for 2 days of meals and refreshments) is filled with fun and the great outdoors. The networking opportunities are second to none! Approved for 15 continuing education credits with the state of Montana for real estate appraisers as well as ARA continuing education with the ASFMRA. You will have the ability to camp with us on site or stay at a motel in Terry. Additional accommodations are available in Miles City. Send in your reservation today or contact any of the directors listed at the bottom of the page for more information. Please register by June 1st- it helps us know how much groceries to buy!

We hope to see you there!
